Ex-Red Calls Lattimore Communist At Hearings

Acheson, Lovett, Harriman Rap Foreign Aid Cut

Declare Every Dollar Necessary; Request Aid For Indochina

WASHINGTON (AP) — The Administration's top foreign strategists called on Congress today to vote every dollar of President Truman's $7,900,000,000 foreign aid program.

Four first line global planners went before a joint Senate-House group to open their uphill fight for foreign aid funds in the face of congressional economy drives in this election year.

Before an overflow crowd who jammed into the Senate's biggest committee room, these points were stressed:

Three Points Stressed

1. Secretary of State Acheson said a cut in foreign funds now would have "the immediate and destructive effect of undermining the whole economy" of NATO—the North Atlantic Treaty Organization.

2. W. Averell Harriman, director of mutual security to reduce the strength which is being built in the free world for our common defense against the threat of the Kremlin."

3. Secretary of Defense Lovett, emphasizing the Communist-led peril to the French in Indo-China, called for "a substantial increase in military assistance" to that embattled far eastern land.

All the witnesses stressed the necessity of the multi-billion dollar program to bolster this nation's defenses against Communism.

Acheson Defends Europe

Acheson defended the Western Europe countries against congressional suggestions that they are not doing their full part in the defense buildup.

He gave as his "considered judgment" that the present efforts by European NATO members, plus certain new commitments, "approach the limit of their capabilities."

"To go beyond these limits," he said, "would produce a strain on their political, economic and social structures that would endanger both their security and ours—and might well wreck everything that we are trying to accomplish."

40 Congressmen Attend

Some 40 congressmen sat in on the start of the hearings which are being held before the Senate Foreign Relations and Armed Services Committees of the House Foreign Affairs Committee.

Chairman Connally (D-Tex) of the Senate Foreign Relations Committee cautioned the overflow crowd against making noise. The witnesses were not asked any questions today.

There was no action today on the suggestion by Sen. McMahon (D-Conn) that Gen. Dwight D. Eisenhower be called from Paris to testify before the group.

IKE'S "PROUD, BY GOLLY"—Gen. Dwight Eisenhower reads election results at Orly Field, Paris, reporting his thumping victory over Sen. Robert Taft in the New Hampshire presidential primary election. Said a happy Ike, "Any American who is informed that so many other thousands of fellow Americans think he's fit for the presidency—well, by golly, if he isn't proud, then he just isn't an American."

"VICTORY FOR AMATEURS" — Campaign workers for Sen. Estes Kefauver whoop it up at their headquarters in Concord, N. H., as the victorious senator from Tennessee embraces his wife. Senator Kefauver interpreted his smashing New Hampshire primary victory over President Truman as a "victory for amateur politicians."

Morris Not Given Ship Deal Pull, Admiral Recalls

But Joseph Casey Did Toss Weight Around, Adm. Smith Reports

WASHINGTON (AP) — Adm. William Smith, former head of the old U. S. Maritime Commission, testified today he recalls no White House assistance to Newbold Morris in ship deals now under Senate investigation.

But Smith told Senate investigators he did remember Washington lawyer Joseph E. Casey as "throwing his weight around" in some of the negotiations.

Smith was before the Senate Investigations, Subcommittee which is looking into how ex-Rep. Casey, Massachusetts Democrat, and a group of associates made 3¼ million dollars from ship deals into which they put only $101,000 of their own money.

Morris Issued Denial

Morris, now government corruption investigator, was drawn into the inquiry by disclosure that three oil tankers handled by Casey's group wound up (1) in the hands of a client of Morris' law firm, and (2) hauling oil to Communist China.

Morris, in two days in the witness chair, denied any wrongdoing and said he had received nothing from the ship deals. However, he acknowledged his gross share of his firm's legal fees from the ships transaction might be $30,000 to $35,000.

At the close of his testimony yesterday, Morris blasted at what he termed the "diseased minds" of the senators investigating him.

As a result, there was some talk of citing him for contempt.

Faces Wide Probe

Also he faced a new and possibly wider investigation.

Sen. McCarthy (R-Wis), the main target of Morris' denunciation of what he called "character destruction" in congressional probes, said he would press for a full scale Senate inquiry into accusations voiced in the House by Rep. Potter (R-Mich) last month that Morris has a "sordid background" of activities in Communist front organizations.

Morris has denied the charges publicly and vigorously.

Chairman McCarran (D-Nev) of the Senate Internal Security Subcommittee, told a reporter he believes Potter's statement should be explored further.

McCarran announced a Senate Judiciary Subcommittee which he also heads would again delay action on a White House request for subpoena powers for Morris on his cleanup job "until it is determined whether this man will be cited for contempt."

15 Die In Collision Of 2 B-29s

SAN ANTONIO, Tex (AP)—Two four-engine B-29 Superfortresses collided in the air amout 35 miles north of here yesterday. Both crashed, killing all 15 airmen aboard.

Both bombers were on instrument training flights out of Randolph Field here, their home base. The ceiling and visibility were practically uplimited.

Lt. Bill Adams, information officer at Randolph, said there was no way of knowing whether the pilots were flying on instruments when the planes collided.

When the pilot does practice instrument flying, the co-pilot and a third pilot in the nose act as lookouts.

A witness to the collision, D. C. McDonald, superintendent of the L. A. Norden ranch, said:

"One B-29 was coming in from the left and rear of the other, as if it was about to cross its course. When the two collided the tail of one was clipped off and the plane fell straight to the ground. The plane that struck the other one contined on its course and maintained its altitude for a brief time. No one parachuted. Then the plane nosed down and crashed."

One plane carried seven men and the other eight, air force officers said. Normally a B-29 combat crew consists of 11 men.

The damaged bomber crashed on a hilltop near the Gus Krause ranch. The second plane plummeted to the ground near a small landing strip on the ranch of J. W. Heard, San Antonio oil man.

Chester Krause, son of the ranch owner, told this story:

"I heard a big explosion and dashed out and saw a fire going. I ran up the hill about a half a mile away where the crash occurred. There wasn't any indication that anybody was alive.

"In a little while I talked to Albert Opperman who works on the Julius Brehemer ranch. He told me that he saw the two planes flying close together and that one of them struck the tail end of the other, tearing off the end of the plane..

"This one crashed on our ranch and the other one went on flying away, like nothing happened. It was only a matter of a couple of minutes before we heard it hit the ground. There was a big explosion there."

Says His Book Carried Party Line On China

Authors Edgar Snow, Israel Epstein Also Reds, Senators Hear

WASHINGTON (AP) — A former Communist who became an FBI informer testified today "the party stated" in 1948 that Owen Lattimore's book, "Solution in Asia," carried the Communist party line on China.

Te witness, Harvey M. Matusow of Akron, Ohio, told the Senate Internal Security Subcommittee the party also said this was true of Edgar Snow's "Red Star Over China" and Israel Epstein's "The Unfinished Revolution in China."

"Did you consider these authors Communists?" asked Sen. Eastland (D-Miss).

"Yes, at the time I did," Matusow replied. He said he knew that Epstein was a Communist and that, in his opinion, Lattimore and Snow also were Communists.

Lattimore Denies Charge

Lattimore, a Far Eastern affairs specialist and Johns Hopkins University professor, has sworn that he never was a Communist or a Communist sympathizer. He also has denied that "Solution in Asia," published in 1945, followed the Communist line. Neither Snow nor Epstein have been called as witnesses.

The subcommittee is investigating the Institute of Pacific Relations, a private international research organization, in a search for any Communist influences on U. S. policies in the Far East.

Lattimore, an IPR trustee, is scheduled to return before the group tomorrow for his 11th day of questioning. He has bitterly accused the subcommittee of letting "stacked" evidence be used against him.

Spied for FBI

Matusow testified he joined the Communist party in October, 1947, became disillusioned and early in February, 1950, got in touch with the FBI in New York.

He said that from then until January, 1951, when he was expelled from the party as a suspected agent of the government's Office of Strategic Services, he reported to the FBI.

Earlier this week he testified for two days before the subversive activities control board as a government witness at the hearing to force the registration of the Communist party under the Internal Security Act.

Matusow said he now is a staff member of the Ohio Un-American Activities Commission, a joint committee of the Ohio State Assembly.

Taft, Truman Still Tough To Beat, Opponents Believe

WASHINGTON (AP)—Political opponents of President Truman and Sen. Taft ranked them today as "still formidable" adversaries despite the New Hampshire presidential primary victories scored by Sen. Kefauver and Gen. Eisenhower.

Kefauver, Tennessee Democrat, upset Truman in Tuesday's Granite State contest. And Eisenhower swept over Ohio's Taft on the Republican ticket.

"Say what you want about Harry Truman — he's a fighter, especially when he's hurt, and he'll fight now," said Sen. Aiken (R-Vt).

Aiken is anti-Truman. He has not announced his choice for the GOP presidential nomination.

Aiken Predicts Right

The Vermonter predicted last month Kefauver would "beat the tar" out of Truman in the New Hampshire primary.

"Kefauver did just that all right," Aiken said today, "but now he's got a man (Truman) who must be fighting mad and the going will be rougher."

As for Taft, Sen. Ives (R-NY), who is backing Eisenhower against the Ohioan for the GOP presidential nomination, declared:

"Don't anyone think for a minute that Bob Taft is out of the race. On our side, we aren't taking anything for granted. That July nominating convention is still a long way off and anything can happen in politics."

In New Hampshire, Kefauver won over Truman in the preferential (popularity) contest by 20,147 votes to 16,298. The Tennessean also won all 12 Democratic delegates, who have eight convention votes.

On the Republican ticket, Eisenhower piled up 46,497 preferential votes to 35,820 for Taft. And Eisenhower, too, made a clean sweep of the delegates—14 to the GOP convention.

Eisenhower backers expressed delight over the outcome in view of the fact the general so far has taken no part in any pre-convention activities in his behalf. He has said he would accept the nomination but won't seek it.

Ives said the New Hampshire vote "proved Eisenhower can get the nomination without coming home to campaign, if he wants it that way."

Rail Strikers In Elkhart, Toledo Return

ELKHART, Ind. (AP) — The last holdouts against court and union orders to end the New York Central railroad strike went back to work today.

The first switch engine crews started making up trains within an hour after the Elkhart strikers voted to end their walkout late Wednesday night. Fifty men were back on the job, and others were due back throughout the day.

A company spokesman in Chicago said operations on the railroad's main line should be back to normal by midafternoon.

Paul Bushong, night general yardmaster, said 1,200 cars were stacked up in the Elkhart yards waiting to be assembled into trains. The first train was scheduled to roll out for Chicago at 5:05 a. m. Salem time.

Elkhart members of the engineers, conductors and firemen brotherhoods were the last to give in to the back-to-work orders. Resentful but relieved, they voted late last night to return to their jobs. A spokesman said the vote was 136 to 72.

Their fellow rebels in Toledo, O., had ended their resistance several hours earlier by the much closer vote of 220 to 214.

D. W. Tucker, division chairman of the firemen and enginemen, said the men "resented having to go back to work without any kind of a settlement." He said the effects of a possible permanent injunction influenced them to vote to return.

The Toledo and Elkhart strikers had held out for 24 hours against orders from top union officers to go back to work. Before taking their vote they demanded and received assurance that no disciplinary action would be taken against them.

Hugh Herbert, Comedian, Dies

Heart Attack Claims Famed 'Woo Woo' Man

NORTH HOLLYWOOD, Calif. (AP)—Hugh Herbert, 66, actor, playwright and comedian famed for his giddy "woo-woo" and fluttery hands, died last night at his home of a heart attack.

He complained of feeling ill and succumbed shortly after his physician and personal friend, Dr. Victor Kovner, arrived.

After appearing in vaudeville, revues and on the New York stage, he came to Hollywood in 1927 and had been a featured comedian in scores of films. He had worked recently at a studio where he was under contract for a series of short subjects.

Was Veteran Actor

Some of his better known films were "The Great Waltz," "Kismet," in which he collaborated on the script, "A Miracle Can Happen" and "Beautiful Blonde from Bashful Bend."

Born in Binghamton, N. Y., and educated at Cornell University, Herbert was a tailor's boy, newsboy, messenger, usher and theater prop man before getting his first acting job. That consisted of standing behind a silent movie screen and speaking the actors' parts.

Helped Write Scripts

Later the rubber-faced comic played bit parts and dialect roles and once played seven straight weeks at the old Hammerstein's in New York. He wrote much of his own material as well as sketches for others.

He was co-author of one of the first talking films, "Lights of New York," and collaborated on the scripts of many Hollywood films.

Herbert was divorced in 1947 by his wife of 27 years, Mrs. Rose Herbert. They had no children. Funeral arrangements await her arrival from Fort Worth, Tex.

Churchill's Friend Accepts NATO Post

LONDON (AP) — Lord Ismay, career-soldier and pug-nosed buddy of Prime Minister Churchill, took on today the tough job of being NATO's civilian Eisenhower.

He accepted the civilian command—secretary general of the North Atlantic Treaty Organization (NATO)—after a string of other statesmen had turned it down.

The 64-year-old general, quitting as Britain's secretary of state for commonwealth relations, will start work alongside Gen. Dwight D. Eisenhower next month at Paris headquarters.

Eisenhower will retain full control over the military. Ismay will supervise the political and financial workings of the alliance.

CONSTRUCTION HIKE OK'd

WASHINGTON (AP) — The Wage Stabilization Board ruled today that pay rates covering between three and four million construction industry workers may be increased by 15 cents an hour during 1952.

Two Men Injured As Truck Overturns

Two persons were injured at 2:15 today when a panel truck in which they were passengers went out of control and overturned on a curve on Route 30, about two miles south of the junction of Routes 30 and 7.

Ernest Wiggs, 42, of Steubenville sustained lacerations of the forehead and nose and a sprained back, and Howard Sligar, 45, of Alexandria, Pa., suffered a possible fracture of the left knee and contusions and abrasions of the forehead. The men were taken to East Liverpool City Hospital.

Robert Hinds, 35, of Moundsville, W. Va., the driver, told State Highway Patrolmen that the brakes locked on the truck. The vehicle was demolished.

Salem Cubs, Boy Scouts Plan Annual Fun-O-Ree Saturday

A carnival and bazaar atmosphere will surround the second annual Boy Scout Fun-O-Ree Saturday in the Memorial Building when about 200 scouts and cubs demonstrate scouting skills to the public.

About 1,500 people are expected to view the exhibits in scout booths and watch a skit and singing in the evening.

All cub packs and scout troops from the northern half of Columbiana County join in the annual presentation. About 23 booths are expected this year, each demonstrating some phase of scouting.

The Fun-O-Ree will open at 2 p.m. and last until 8, with the skit and singing scheduled for 7:30 p.m.

Scout Choir to Sing

A 30-voice Boy Scout Choir, a new feature this year, will perform during the program. The skit was written by Ralph Schneider of North Georgetown.

Prizes will be awarded scouts constructing the best exhibits. These will be presented at a Mother-Son banquet April 4. Recognition will be given at the dinner to all those who worked on this year's Fun-O-Ree.

The Fun-O-Ree is being directed by James Schaeffer, district commissioner. Robert Coy and Floyd McQuilken are co-chairmen of the Mother-Son Banquet.

Calvin Filler is in charge of physical arrangements Saturday, and George Bowamn, Jr., is chairman of the food committee.

George Robertson of Columbiana is program chairman.

There is no admission charge to the Fun-O-Ree. The public will be able to participate in the demonstrations through short tests at the booths and tries at knot-tying.

U. N. Balks At Reds' Prisoner List Stand

MUNSAN, Korea (AP)—Allied truce negotiators told the Reds today they were wasting time trying to get "the unconditional repatriation of all prisoners we hold in exchange for a small portion of those you hold."

That's what the latest Red plan amounts to, said Rear Adm. R. E. Libby, and it is not acceptable.

The Communists insist that prisoner exchange plans be adopted before turning over a "complete and bona fide" prisoner roster.

Libby said that's "putting the cart before the horse."

He told the Communists they must make the next move. The Reds said it's Libby's move.

Col. Andrew J. Kinney described as "strictly a goose egg" a two-hour staff officers' meeting on truce supervision in a nearby tent.

A Communist proposal which could ban a naval blockade of the China coast was tossed back to the staff officers. Red interpreters refused to include "Korea" in a clause prohibiting naval blockades.

The interpreters' stand "was a complete reversal of the staff officers' discussion yesterday," said Brig. Gen. William P. Nuckols, U.N. spokesman. "It came as a complete surprise."

Navy Postpones Rev. Wilson Recall

Rev. George S. Wilson, pastor of the First Presbyterian Church, who had received orders to report March 20 for Navy recall, has been granted a six-month deferment.

Rev. Wilson, who served in the Navy for two years during World War II, was notified yesterday by the Navy Department's Office of Chaplain that his orders have been changed and to report, instead, on Sept. 4 at Newport, R. I., for assignment as a chaplain.

Request for Rev. Wilson's deferment was made by the church officers and secured through the efforts of Congressman Wayne Hays.

Rev. Wilson came to the Salem church last July 1 from Imperial, Pa. He holds the rank of lieutenant.

COLUMBUS (AP) — Anthrax —the livestock-killing disease— has been positively diagnosed in 16 Ohio counties, the State Agriculture Department said yesterday.

State Agriculture Director H. S. Foust listed the counties as: Clark, Clinton, Clermont, Fayette, Franklin, Hardin, Athens, Greene, Highland, Licking, Miami, Meigs, Pickaway, Morgan, Ross and Warren.

The director said anthrax has been traced to a swine food product manufactured in Ohio but he would not disclose the name of the manufacturer. Foust said infected farms have been quarantined and infected and exposed animals isolated.

Woman Dyes Hair, Sues For $50,000 Damages

LISBON—Mrs. Merle Thompson of East Liverpool has sued D. M. Ogilvie & Co., East Liverpool department store, for $50,000, claiming a patented hair dye she purchased there Sept. 29 made her hair fall out although she followed the manufacturer's directions carefully.

In a petition filed Wednesday in Common Pleas Court at Lisbon, Mrs. Thompson charged the store owners with negligence in selling what she termed "a dangerous product."

She claims her health has been permanently impaired because baldness has caused her "great mental anguish and fear, shame end embarrassment."

The meeting will be under the direction of Mrs. James Pendry of Lisbon, Columbiana county home demonstration agent. It will deal with the use of money in wise buying and the keeping of accounts. All women interested are invited.

The Priscilla Circle of the Christian Church has postponed its meeting from tonight until tomorrow night because of the union Lenten services tonight in the Methodist Church.

STYLE NOTE — Pfc. Glenn Biase, of Eufala, Okla., now with the 45th Division, displays the Easter bonnet he whipped up for the "Easter parade" in Korea. Like any good milliner, he used the most humble of materials—his steel helmet, plus a few sprigs of native pine and an artificial flower from a candy box.

The New Hampshire Vote

THE TELL-TALE result of the voting in the New Hampshire primaries may be deeper than the victories of Gen. Eisenhower and Sen. Kefauver.

These victories were gained at the expense of the two men in the United States who most nearly symbolize the Democratic and Republican parties. It looks as if New Hampshire electors wanted new faces.

President Truman's defeat by Sen. Kefauver was a total upset. No one had dreamed Kefauver had even an outside chance, not even Kefauver.

Sen. Taft's failure to win even a single delegate, while trailing Gen. Eisenhower in the preferential vote, was less of an unset than a personal disappointment. At one time, the Senator was so uncertain of his chances in New Hampshire that he was not sure he would enter the primary at all.

Reassured by his advisers, he filed, then went to work with all his might to make the best showing he could make. At the end of a campaign in which he had toured the state intensively, he estimated he had a chance to get at least four delegates and to edge Gen. Eisenhower in the preferential voting. He did neither. Hence, his personal disappointment.

Unlike Mr. Truman, who can dictate his own presidential nomination if he chooses to do so, Sen. Taft must fight for every delegate. Had he had a better showing in the preferential voting, he could have pointed to it as proof that New Hampshire was more susceptible to his kind of campaigning than to the personal popularity of Gen. Eisenhower. It would have made his fight for delegates easier.

Sen. Taft will keep on fighting. He will fight harder than ever, because that is the kind of campaigner he is. Setbacks and personal disappointments are an old story to a man who has been more grossly misrepresented and slandered than any public figure of recent years.

Things would have been easier had he won in New Hampshire. But Sen. Taft is still willing to go after delegates the hard way. New Hampshire is water over the dam.

No Race Returns By Pigeon

OHIO Public Utilities Commission's order to Western Union Telegraph Co. to show cause why it should not discontinue race wire service in this state marks a bold move in the campaign against organized vice.

It is of the utmost importance that Western Union has adopted a nationwide policy of cooperation with law-enforcement agencies in this matter. The use of its services for illegal purposes, it has announced, will not be condoned. It is willing to cooperate with government not only in Ohio but in every state. Its application to the Federal Communications Commission for a revised tariff specifies that it is not interested in leasing its wires for any but legitimate purposes.

Communications policies like this one could put illegal horserace betting under such a heavy handicap that the organized gambling industry would cease to be a political and social menace. It cannot be repeated too often that the menace lies in the ability of the gambling industry to obtain large sums of money by illegal means.

This virtually guarantees that much of the money will be used for purposes of corruption. It is not gambling per se that does the damage, but exploitation of the gambling urge by organizations of persons with no sense of social responsibility.

This was the thesis developed by the evidence gathered by the senate crime committee—that gambling proceeds were the foundation on which most of the structure of the organized underworld depended. Anything which hampers this flow of income will hamper the activities of the underworld.

Horse-race betting without intricate and rapid communications is impossible. There are no race returns handled by carrier pigeons, dog teams, or the U.S. Postoffice Department.

Senior Varsity

IN MENDON, Mich., a village administration dominated by women, has been voted back into power by a thumping majority. Since men voters outnumber women voters nearly two to one in Mendon, the decision will bear second, third and fourth thought.

It seems that Mendon's men are satisfied to let women have the grief that goes with public authority in their village. Moreover, it seems the men are convinced after watching the women handle the job for one term that they know how to do it better than the men

Why shouldn't they?

Women do most of the housekeeping, school teaching, pacifying, stimulating, promoting, comforting and character-building in the United States. If they ever are given a real chance to show what they can do in government, all governmental troubles will end.

Primary Aftermath

By DAVID LAWRENCE

N. Hampshire Result Held Overstressed

WASHINGTON

THERE has been an overemphasis on the true meaning of the New Hampshire primaries.

To try to attribute to a poll of some 75,000 Republican voters in one section of the country a nation-wide significance is to ignore the variegated influences that make up the opinion of delegates from coast to coast.

Whether one adds up the Stassen and Eisenhower votes and matches them against the Taft votes, on the thory that the first two reflect the international trend of one group of voters as contrasted with a nationalistic trend of one group of voters as trend on the part of the Taft voters, the fact remains that a three-cornered race is never a good indicator of the true political strength of any one candidate.

About all the New Hampshire primary proves is what a three-way split can do among 75,000 voters, and a much more scientific result would have been obtained by using the Gallup poll methods.

-:-

IT IS INADVISABLE therefore, to write off any candidate on the basis of the returns among the Republicans in any one state.

Even in the Democratic Party, where there is no certainty that President Truman will run, the vote cannot be relied upon to tell what the Democrats would do if the President doesn't run.

If he intends to accept another nomination, it didn't require a primary in the Republican state of New Hampshire to establish the fact that he can have the nomination without any votes being cast against him at the national convention except by delegates from the southern states.

Neither Senator Kefauver nor any other Democrat stands a chance in the Democratic Party convention if the President decides to be a candidate himself. The officeholders and their henchmen in the various state and city organizations throughout the country select the delegates.

In the Republican Party, the local organizations play a decisive role some years, depending upon how much grass-roots sentiment there is, but even in the Republican Party an incumbent President can pretty well dictate his own renomination.

-:-

REPUBLICAN organizations in many states have lined up behind Senator Taft, but there are in other states regular Republican organizations which are backing General Eisenhower.

Many observers do not realize that the primary elections often represent contests between factions inside a party. When certain leaders allow their names to be used on the slate of delegates, it often means that the popularity of the delegates themselves is more of a factor than support for those candidates which the delegates in question say they intend to back, though everyone knows they have a cartain flexibility and can change if contingencies at the convention seem in their judgment to necessitate such changes.

There is no doubt that General Eisenhower is somewhat at a disadvantage in not being present to express himself on current issues and that his military position keeps him from making his views known. But the very fact that the general has been and is on active duty in a very important mission related directly to the peace of the world undoubtedly offsets some of the disadvantages with thoughtful voters.

The size of the vote cast for any man who isn't making an active campaign himself is something of a political phenomenon in modern politics.

-:-

THERE IS ALSO no question about the impression made by Senator Taft as a personal campaigner. The rank and file of the party like a fighter and a good stump speaker. Whatever doubts there may have been as to Taft's ability to make votes by stumping was removed last week by the crowds he drew in New Hampshire and by the audiences he has been attracting in other states.

There will no doubt be continued pressure by Eisenhower supporters to persuade him either to express himself on current issues or to come back and make some speeches.

He cannot do this without giving up his military command, and the President has let it be known that he has no intention of calling the general back to this country for any purpose.

The latest motion by Senator McMahon to have the general invited to come home to testify on the $7,900,000,000 foreign aid bill will—if adopted by any congressional committee—wind up on President Truman's desk.

Mr. Truman probably will decide that the general can make his views known in writing, and undoubtedly he will do so gladly at the appropriate time without the necessity for a special trip to Washington.

Fibroid Growth May Be Danger Sign

THERE are no startling new developments about fibroid tumors of the womb or uterus, but since a large number of women encounter difficulty with fibroids for the first time each year, this is a subject which deserves repetition.

Dr. Jordan

In fact there are many women who have fibroids and are not even aware of it, but this is no sign for alarm because, unless the fibroids are producing symptoms, they can be safely ignored.

Approximately one in five of all women who reach the age of thirty-five have fibroid tumors. These nodules or tumors may be large or small. They are made up of muscle tissue and connective tissue, the latter being much like the tissue which makes an ordinary scar.

The symptoms from fibroids depend on their location, size and blood supply. The best known symptom is excessive or painful bleeding. Sometimes discomfort or even severe pain in the lower part of the abdomen is the only sign of a fibroid.

One of the most common symptoms is a feeling of weight often accompanied with constant fatigue. Also fibroids can produce bladder or rectal symptoms apparently caused principally by the pressure of the growths. Sometimes fibroids can interfere with conception.

The cause of fibroid tumors is now known, though many theories have been suggested. Until the cause can be agreed on, therefore, it seems unlikely that much can be done to prevent them.

Those fibroids which are not producing symptoms should receive what doctors call "expectant treatment." This means that they should be watched for symptoms and the size observed in case growth should become rapid.

After menopause, surgery is usually best for those fibroids which require treatment. Generally, the whole uterus with the tumors attached has to be taken out.

Some fibroids can be treated by radium or deep X-rays, but this is complicated and much skill and judgment is necessary in order to decide which tumors can be treated in this way..

Fibroid tumors of the uterus have to be considered on an individual basis. They may be large or small, they may produce symptoms, or there may be none. Treatment may not be necessary or there may be a question of choice between several methods.

They are so common in the middle years of life that they might almost be considered a normal part of growing a little older.

The Detroit River carries more commerce in tonnage than any other river in the world.

Get Ready, Folks, the Big Parade Is About to Start

A Letter To Whittaker Chambers

By GEORGE E. SOKOLSKY

DEAR Whit Chambers:

Your letter to your children, which millions of Americans have read and heard you read on radio and television, touched me to tears because I know what it costs a man to struggle with his soul.

There are many who never need to do that. They go through life by routine procedures. They are always in fashion and their minds readily adjust themselves to the mode of the moment. They accept ideas as they accept heroes, and throw them off with equal alacrity. Their souls are cellophaned.

They do not understand such a person as you are. We assume that converts to a way of life like Paul or Augustine were ridiculed in their day, but no one was stupid enough to suggest that what they did was done to earn $75,000, or whatever the sum, writing magazine articles. Whoever accuses you of that lacks knowledge of the human soul; they have never read Job and have never been twisted by the devil.

-:-

SMALL MINDS and weak memories forget that in 1939, when you were in no manner protected by the statute of limitations, you laid your case before A. A. Berle, Jr., then assistant secretary of state. I have never understood why Berle did not have you arrested. You had spied on your own country and told him so, and you could not and did not claim immunity. You risked arrest and imprisonment. Many of our friends, who have also served their country after conversion, waited until they were immune to punishment. But you did not.

Those who now attack you or ridicule you or question your motives have forgotten that. Such persons as myself, who have watched the Russian conspiracy since 1917, understand you. Most of those who sneer at you have no anti-Communist record.

For just as there is a Communist record, so is there an anti-Communist record. Today, it is fashinoable to be anti-Communist and to beat one's breast and shout, "I have always been anti-Communist." That may or may not be true in particular instances, but it is possible to establish the record, since 1917, of those who, in some marked manner, have fought communism. Whenever I came across one of these breast-beaters, I ask, "what is in the record about this person, say, prior to 1945 or 1939 or even 1933?

-:-

USUALLY, nothing is to be found. The reason for their ferocious attitude toward you is that quite apart from the poverty of their spirit which prevents them from understanding the grace of conversion, they also are envious of your unquestionable services to your country as a penitent.

Many of them ask how they could have known what to do, when such martyrs as Ben Stolberg and Jim McGuinness gave their lives for the cause of America. Many of these mugwumps sat by and saw men and women blacklisted in magazines, on radio, in the movies, in all walks of life, because they hated communism. Now, they come forward and criticize such persons as you and Louis Budenz and Elizabeth Bentley and all those who, having been led astray by Marxism, witnessed to the truth, achieved conversion and at the risk of the meanest of all human weapons, ridicule, served country and God.

-:-

MAY I CRITICIZE your letter to your children for one thing? You say:

"My children, as long as you live, the shadow of the Hiss case will brush you. In every pair of eyes that rests on you, you will see pass, like a cloud passing behind a woods in winter, the memory of your father—dissembled in friendly eyes, lurking in unfriendly eyes . . ."

This, I am sure, will not be so. The day will surely come, Whit, when all men will recognize what you have done. The other day, I was asked why no one writes a biography of another American hero, William Wirt, the educator of Gary, Indiana, who was ridiculed to his grave for speaking the truth. It was good to know that Dr. Wirt is not forgotten.

You conversion from Marx to God, your service to your country by confession of error, by penitence in action, by risking the peace of yourself and your family when you might have found safety in oblivion—these services will not be forgotten. And your children, when they are mature, will not be ashamed.

Fraternally,
George E. Sokolsky

Wisps of Recollection

By TRUMAN TWILL

ONE OF the paper-work details included in many applications for admission to college is a short essay setting forth the principal influences which have shaped the applicant's life.

Whether or not this can be done by a teen-ager is problematic. Most adults would flounder and clutch wildly at wisps of recollection if they tried it. But perhaps it's the wisps which tell all there is to be told. Life, itself, gets pretty wispy sometimes.

A few personal wisps:

Small-town existence in the short-lived era between the dream of empire which followed the Spanish-American War and the hysterical entrance of the United States into World War I.

The fervid patriotism of World War I, with black headlines suggesting the imminent arrival of the Hun and his bloody atrocities at the city limits . . .

Buy more Liberty Bonds . . .

The end of the crusade to make the world safe for democracy and the beginning of the great disillusionment in the Twenties . . .

The Red hunt . . .

Ku Kluxers burning crosses and holding conclaves at the county fairgrounds, the first palpable terror ever turned loose in the northern states . . .

The settling in of the Great Depression long before the economists and politicians knew what was happening . . .

The frantic hunt for a job, any kind of a job, to complete the transition from learning to earning . . .

The incredible accounts of the rise of Mussolini and Hitler, the purges in Russia, the power politics of the busy little Japs . . .

It's a boy . . .

A new war in Europe . . .

Pearl Harbor . . .

Buy more Defense Bonds . . .

Another crusade starts . . .

Another crusade ends . . .

Another disillusionment begins . . .

Another Red hunt . . .

Embers in the ashes of old Ku Klux Klan bonfires . . .

Inflation, recriminations, new hopes, old disappointments and wisps of recollection, with sometimes a scrap of tinsel, a colored ribbon, a lock of hair or a treasured kindness to catch the backward-turning eye and hold it for an instant in the past before it turns again to the future to try to forsee tomorrow and the day after.

One Man's Opinion

By WALTER KIERNAN

THEY don't come with any purer civic motives than General Batista . . . if he didn't take over the government, the nasty opposition might win the next election.

His statement "I am not motivated by ambitions for power" has a familiar ring . . . the first thing a fellow says when he sets out to perpetuate himself or his party in office is "but let me make clear that I am not motivated by ambitions for power."

Which leads to the natural question "so why are you so busy packing on the power?"

Batista and his followers have been running Cuba since 1933 and are about as willing to give up their power as any other group which came to power about the same time . . . and I am not pointing.

Actually, I was thinking of Stalin and his merry men but if you insist on pointing out that we have been pretty much a one-party country just as long how can I argue with the facts?

The whole world knows that unlike the dictatorships we can change our government every four years . . . if it doesn't know that we haven't done it in 20 years it just hasn't been paying attention.

Sex Criminals

By HAL BOYLE

Need Psychiatric Care

NEW YORK

THE SEX criminal is the most hated member of society.

But how can you deal with him? Heavy legal penalties no not deter him. And in any case, if he explodes in violence, punishing him won't remove the horrifying experience from his victim's memory — or restore her to life, where he has killed in lust.

Hal Boyle

William T. Whalen, retired New York City chief of detectives, believes the answer is this:

-:-

ANYONE involved in any type of sexual crime, no matter how minor, should be given a psychiatric examination—or 'bugged,' as we call it. He should then be forced to take the institutional or clinical care he needs.

"Most of them aren't ordinary criminals. They have sick minds."

Thirty-three years of dealing with sex criminals has convinced the veteran ex-cop that present systems for handling them are hopeless, because little is done to prevent them from developing from minor offenders into major offenders.

-:-

THE PUBLIC has little realization how widespread minor sex offenses are. The two commonest forms are window-peeping and the molestation of women in crowded buses and subways.

"We have more police calls about peepers than anything else," Whalen said. "As to subway molesters, there are thousands of cases the police never hear about. Women are partly to blame. If someone annoys them, all they have to do is slap him in the face with their handbag. There are plenty of men about to come to their help.

Many people regard peepers and molesters as detestable but comparatively harmless thrill-seekers.

"They aren't," said Whalen grimly. "They follow a pattern. Most of those later arrested for major sex crimes have a police record of minor offenses."

-:-

BUT at present—in New York—the minor offenders can only be charged with disorderly conduct, given a small fine or a short time in jail—"Even though they are picked up a thousand times." They can't be compelled to take a mental examination.

And when one goes on to commit a sex murder he gives police the hardest possible type of crime to solve.

"There is no motive for the crime that can be traced from the victim's own background," explained Whalen. "The holdup man cases his job in advance. The sex murderer usually doesn't. He kills by impulse."

Whalen recently served as technical advisor for "The Sniper," a Columbia Pictures film marking one of the first efforts by Hollywood to deal with the problem on a sociological basis.

-:-

IT TELLS the story of a perverted youth who kills several women with a carbine but who, before going berserk, tries vainly to bring his deteriorating mental condition to the attention of a young hospital interne, too busy to deal with him.

"Compulsory psychiatric examinations may show which offenders are potentially dangerous and need to be put away . . . . and which can be put back on the right track," said Whalen. "As it is now we have no real barometer to see what can be done with these people."

His advice to women who are suddenly confronted by a violent sex criminal is this:

"Scream. A woman's best defense is a scream. As a rule, they are easily frightened off, and 99 times out of 100 they'll run.

"But don't fight back or try to hold on to a man like that to keep him from escaping. Rape or attempted rape carries a long prison term, and a man will kill to keep from that."

(AP Newsfeatures)

Looking Backward

From The News Files

FORTY YEARS AGO—Dr. Mabel Howe Otis of the sanitarium medical corps of Battle Creek, Mich., in a lecture to Y.M.C.A. girls, expressed the opinion that every girl should stand on her head at least twice a day. She said it would cure most if not all of feminine ills. Then she gave a demonstration of how it should be done.

Truman Criticizes Opposition To Federal Power Program

CHICAGO (AP) — President Truman lashed out today at opposition to the federal power program as "vicious" and "one of the most cynical and dangerous developments in many years."

His remarks were in a special message sent to the National Rural Electric Cooperative Association which Secretary of the Interior Chapman presented in a prepared speech.

Both the President and Chapman pledged to fight for continuation of the federal power program.

"I am determined to do everything I can to see that the policy of conserving and developing our priceless water power resources for the public benefit shall go forward," the President said.

"This campaign to destroy federal power policy must not succeed," Chapman said.

The President said the power industry's "propaganda campaign," has switched from attacks on the valley authority idea to denouncing the public power program as "socialism."

Truman said the power industry seeks to "exploit" the nation's water power resources throughout the country. He mentioned specifically:

"The forces of reaction want to monopolize St. Lawrence power at the Bus Bar, (point of production) and even take over Niagara Falls itself for private development. They are trying to block the rural electric cooperatives in Missouri from tying together steam and hydro plants that will result in more power at lower cost.

"They are trying to grab the Hells Canyon Reservoir site (in Idaho) on the Snake River—where public development would produce 600,000 more kilowatts than private development. They are trying to prevent public bodies in the state of Washington, acting under laws supported time after time by voters of that state, from buying power facilities that private companies are willing and eager to sell."

In his attack on "the power industry's campaign," Truman said an extensive advertising campaign by the power industry is largely paid for by taxpayers because the power companies can deduct the costs of the advertisements for income tax purposes.

MIDDLETOWN, N. Y. (AP)—An eighth member of a family of 11 died late yesterday of burns suffered in a fire which destroyed their home at Walker Valley, N. Y.

Harry Polhamus, 43 - year - old lumberjack, died at Middletown Sanitorium. His wife, Evelyn, 39, and six of their children, ranging in age from two to 12, died in the flames early yesterday.

Only one of the nine Polhamus children, Louis, 13, escaped unscathed. His father dropped him from a window after a kerosene stove exploded and set the frame house blaze while the family was asleep.

Carbon Monoxide Cause Of 6 Deaths In Family

VICTORVILLE, Calif. (AP)—Carbon monoxide apparently caused the deaths of a family of six whose bodies were found in their Lucerne Valley ranch home with a heater going full blast.

Autopsy tests were inconclusive, Dr. Chauncey Baird said yesterday, but tests indicate carbon monoxide. Chemical analyses of blood and stomachs were ordered.

Norman J. Komer, 38, his wife, Bertha, 35, and three of their children were found dead in their beds. A fourth child was on the floor.

Reds Blamed For Six Tunisian Bomb Deaths

TUNIS, Tunisia (AP)—A bomb blew up in Gabes railroad station last night as a train drew in, killing five persons and injuring 17 others.

Police and government sources hinted Communists have taken a hand in Tunisian violence and were inclined not to blame Nationalists, who have carried out previous raids to enforce their demands for more independence from French rule.

The Nationalists said they had nothing to do with the station explosion. Sources close to French resident General Jean De Hautecloque took a similar view.

"Visitation" Plan Carried Out By Methodist Church Women

A "PROGRESSIVE Visitation" program is now in progress among the women in the Methodist Church and this year has been set aside as a year of personal dedication of talents.

The plan is being carried forward here by a committee headed by Mrs. J. D. Primm, chairman. Hostesses have been secured to contact over 500 women in the local church and these hostesses will meet with the committee at 2 p.m. Friday at the home of Mrs. Harry Loria on N. Union Ave. in a final planning session.

Others included on the committee include Miss Eleanor McMurray, Mrs. Frederick Koenreich, Miss Zella Stamp, Mrs. R. C. Swogger, Mrs. Frank Stoudt and Mrs. Loria. The hostesses, with the committee, will work out their guest lists and receive instructions for the visitation.

Methodist women calling on each other is the last link in the chain of visitation that was started three years ago. The first year conference and district officers traveled thousands of miles in caravans to visit societies and guilds.

The next year the societies visited each other in the "Birthday Visitations" program. The local society chartered busses and visited in the Washingtonville church. During this project over 12,000 women's societies went visiting, thus unifying the districts and encouraging many of the weaker groups.

"Church member visiting church member" is the idea behind this third visitation, climaxing the three-year-plan. Benefits hoped for in the overall program include:

To help the women locally to become better acquainted; strengthen community friendships by the hostess-guest plan and to encourage Methodist members to join their women's groups.

The hostess' duties are to achieve unity in her own group and see that visitation cards are signed during the last week in March.

The local woman's society has already fulfilled its financial obligation to the Division by increasing the giving. The goal of the Division for the year amounted to $8,000,000 and will provide salaries for 2,118 missionaries and deaconesses, maintenance for 223 schools, 28 hospitals and 972 other projects throughout the world.

Amvets Capture Initial Playoff Game From Mullins, 60-49

Ray Robinson Faces Bobo Olson Tonight

SAN FRANCISCO (AP) — Sugar Ray Robinson lays his middleweight title on the line tonight against Carl (Bobo) Olson for $1.

It will be Robinson's first title defense and first fight since he regained his crown from Randy Turpin six months ago.

Both he and promoter William Kyne donated their shares, less $1 each, to the Damon Runyon cancer fund. However Sugar Ray drew $7,500 expenses.

Olson will get $9,000—$1,500 of it for the non-existent television rights. He was promised that sum before Kyne learned there would be no TV and no radio broadcast.

Though Robinson has boxed only 15 rounds in training for the three-times postponed contest, he will be a prohibitive favorite when the two step into the ring at 11:30 (EST).

Two years ago the two met in Philadelphia. Olson was flattened in the twelfth round.

Vets Have Big Third Quarter; Teams Slated Again Tonight

THE Salem Amvets were victorious last night in the first game of two-of-three playoff series as they defeated the Mullins Manufacturers, 60-49, in the final of a five-game slate at the Memorial Building.

The same two squads will tangle again tonight at 7:30 in the Building in what may turn out to be the deciding game of the playoff should the Amvets win. However, if the Manufacturers come up with a victory, the final and deciding tilt is slated to go next Wednesday evening.

-:-

THE AMVET-MULLINS tilt last night was tight for the first two quarters but the Amvets, who led by five markers at halftime, tallied 21 points in the third period and kept the game in hand in the last stanza.

The Vets opened the game in good fashion as their height controlled the better part of the backboards. However, Eddie Bozick kept the purple-clad Amvets on the run with his net swishing set shots.

With the Vets leading, 19-16, at the end of the first quarter the two teams paced each other through the second frame with the Amvets getting 14 and Mullins, 12. The rebounding of Francis Lanney, Moe Hollinger and John Pridon kept the Amvets in the game as the three pushed up many tips for valuable points.

-:-

LEADING, 33-28, at intermission, the Amvets whipped through 21 markers in the third stanza to hold an 11-point margin at the end of the period, 54-43, as Mullins managed to tally 15 markers during the eight minutes.

Each team substituted freely in the final quarter and the quarter saw the two quintets divide 12 points evenly..

Lanney wound up with top honors for the winners while Hollinger and Pridon caged 13 and 12 markers, respectively. Bozick and Sam Pridon meshed 17 and 10 points for the losing Manufacturers.

-:-

IN OTHER GAMES during the evening Owens dropped McCoys, 61-38; Mellingers whipped Corsos in Class B games; the Methodists defeated St. Paul, 42-25; and the Republican Club drubbed the Democratic Club, 16-6, in a Girls League tilt.

Owens avenged the 55-41 licking they received the night before from the McCoy outfit. The Owen five clinched the game in the last two quarters with 19 markers apiece, showing much class and fine shooting.

Claire Weingart and Dick Weisenecker were the top scorers for the winners with 23 and 19 markers, respectively..

-:-

MELLINGERS WERE 14 points down at halftime but outscored the Corso squad, 28-14, and forced an overtime game. Mellingers scored five points in the overtime period and held the Corso quintet to a pair, enabling them to win and knock Corsos from competition for the Class B crown.

Methodist defeated St. Paul in the first of a three-game playoff, with the winner meeting the victor between Rices and the Baptist, also a three-game series.

The Republican Club scored its victory and evened the Girls League playoff at one loss apiece. The two teams will square off next Wednesday in the championship game.

Tonight's schedule:
6:30 Rices vs Baptist
7:30 Mullins vs Amvets
8:30 Owens vs McCoys

Dukes, Dayton Active Tonight

Dukes Face LaSalle; Flyers Meet Bonnies

NEW YORK (AP) — Mighty Duquesne tests its 22-1 record against LaSalles giant-killing explorers in the semi-final round of the National Invitation Basketball Tournament at Madison Square Garden tonight.

Dayton, (26-3), surprise runner up last year, meets third seeded St. Bonaventure (20-5) in the other semi-final, but it is the clash between the top seeded Dukes from Pittsburgh and the freshman-dominated Philadelphia outfit with a 22-5 record that has the most crowd appeal.

The Duquesne-LaSalle game will be the first on the double bill that is expected to attract a crowd of around 18,000. It is scheduled for 7:45 p.m. (EST).

The two winners will go into Saturday's final with the losers meeting for third place.

None of the four ever won an NIT and this year's championship is of added importance since the winner qualifies for the Olympic trials starting in the Garden and Kansas City, March 29.

-:-

DUQUESNE, conqueror of Holy Cross in the quarter-finals whipped LaSalle by 11 points in Pittsburgh during the regular season. But supporters of the Philadelphians declared this is a different LaSalle team after seeing the explorers upset Seton Hall and fourth-seeded St. Johns with two entirely different styles of play.

Dayton, boasting a 19-game winning streak, will have a decided advantage in height over St. Bonaventure but the Bonnies have the experience and a defense that has held opponents to an average of 55.1 points per game.

In 6' 7" Don Meineke, Dayton has the 12th leading scorer of the nation with an average of 20.1 points. He has 46 points for the NIT and has made 18 of 32 shots from the floor for .563. As a team the Flyers have been equally hot from the floor with an average of .459.

Max Surkont and Vern Bickford of the Boston Braves each pitched two-hitters during the '51 season.

Wittenberg Ace Leads Scoring In All-Ohio Cage Conference

COLUMBUS (AP)—Wittenberg College finished fifth in the Ohio Conference race this year with a 10-5 record, but Hugh (Perk) Robins of the Lutherans was the top star of the sprawling 14-college loop.

The 6-2 senior from Louisville, Ky., a 21-year-old 180-pounder who plans to play professional baseball, scored 401 points in 21 games this year and 833 in his three-season career. Both were Wittenberg records.

The conference coaches, selecting the 1952 All-Star team for the Associated Press, recognized his ability. Ten voted him a first team berth, and three had him on the second, with one not voting..

The first five teams in the conference standings—Wooster, Capital, Ohio Wesleyan, Muskingum and Wittenberg—each won a berth on the All-Conference varsity.

-:-

THE FORWARD jobs went to Paul (Pug) Bernlohr of Capital and Bob Coverdale of Ohio Wesleyan; the center berth to Robins and the guard positions to Don Simon of Muskingum and Jack Holt of Wooster.

Bernlohr and his cousin, Bob, who grabbed a second team forward berth although only a freshman, were one-two in conference scoring. Bob had 334 for a 19.64 average and "Pug" was a point behind with 333 for 19.58. Paul is the son of Fred Bernlohr, faculty athletic manager, and nephew of Coach Bill Bernlohr. Bob is Coach Bill's son and nephew of Fred. Bob's brother, Jack, captained Bexley High this year and will enroll in Capital in the fall, giving Caps a one-two-three Bernlohr punch.

Paired with Bob at the second string forwards is Heidelberg's all-around star, Paul Yackey. Don DeJong, 6-5, from Springfield, grabbed the center job for Denison, and the guard berths went to Bob Valentine of Mt. Union and Chuck Ferguson of Otterbein.

Need Grid Opponent

ALLIANCE — Mount Union College is looking for one more football opponent to round out its schedule for next fall. Eight games already scheduled are: Sept. 20, at Muskingum; Sept. 26, Kent State; Oct. 4, at Denison; Oct. 9, at Youngstown; Oct. 18, Akron; Oct. 25, Heidelberg; Nov. 1, Ohio Wesleyan; Oct. 8, at Baldwin-Wallace. The Kent, Youngstown and B-W games are night contests.

Louise Suggs Leads Golfers In Tournament

AUGUSTA, Ga. (AP)—Louise Suggs, whose great competitive spirit has created one of the finest winning streaks in the game, was No. 1 in the field today as the Titleholders Tournament opened.

Louise's competition in this tournament which annually is the first major meeting for the ladies, is tougher than ever. But, the rugged little golfer from Carrollton, Ga., still is the pick to win her second Titleholders championship.

Louise won the Carrollton Open in a field which included the best in women's golf; she finished second in the National Open at Atlanta, second in the first leg of the Weathervane at Miami and second at the Sarasota, Fla., Open; won the big Tampa, Fla., Open and followed with another victory in the Jacksonville, Fla., Open.

Second place in the winning affections of the gallery for this 62-hole medal tournament is Babe Zaharias, who along with Louise, Patty Berg, Betty Jameson and Betsy Rawls makes up the big five of women's golf.

Kent Coaches Resign

KENT (AP)—Football coaches of two Kent High Schools—State and Roosevelt—have resigned. Carl Gilcrest, grid coach and athletic director at Kent State High since 1947, is leaving the school to operate a truck farm. Joe Mileski, who became Roosevelt's head coach in 1949, will remain on the faculty as a biology instructor.

Will Fight Wednesday

CLEVELAND (AP) — Light Heavyweight Earl (Lalu) Sabotin, the Warren youth who has won 20 to 22 professional stars, will meet Jerry Hemminger of Tiffin in the first of three 10-rounders at the arena here next Wednesday. The other two 10-rounders are Light Heavyweight Danny Nardico vs. Dick Wagner, and Middleweight Ronnie Delaney of Akron vs. Eddie Smith of Gary, Ind.

Start Training Tour

COLUMBUS—Ohio State University's baseball team leaves today for its annual Southwestern spring training tour. The defending Big Ten champions play at the University of Houston, Tex., tomorrow and Saturday. Next week they will play at Broke Medical Center, San Antonio, and at Texas A. & M. Twenty players and coach Marty Karow are making the trip.

Today a year ago—Major League directors failed to renew A. B. (Happy) Chandler's contract as baseball commissioner.

Luke Easter May Attempt First Game Against San Diego Today

SAN DIEGO (AP)—Pennant-anxious Cleveland planned to give the oft-discussed trick knee of First Baseman Luke Easter its first workout of the season under game conditions today.

Big Luke, who thinks he'll hit 40 homers if the knee holds up, has looked pretty spry since he took the brace off last week. The Indians still regard him as a key man in the power department.

Today's game is against Easter's old team, the San Diego Padres. Five other San Diego graduates also will be in the Cleveland lineup: Harry Simpson, Bob Kerrigan, Bobby Wilson, Al Rosen and Merrill Combs.

Yesterday's game with the Pittsburgh Pirates was rained out in the fourth inning, with Cleveland leading, 2-0.

Bob Lemon, who hurled last night's game, now has pitched six scoreless innings against National League hitting this season. . . . Giants' Manager Leo Durocher thinks Ray Boone is a much improved shortstop. Says he has experience and confidence now. . . . Manager Al Lopez agrees, and calls him the most improved player on the team. . . .

-:-

THE OUTFIELDER situation: Dino Restelli appears destined to go. Jim Fridley, who has looked great, still has only an outside chance, it's understood, to stick. Paul Lehner may be sold to the Oaklond Oaks. . . . The probable varsity outfielders: Dale Mitchell, Larry Doby, Simpson, Bob Kennedy, Barney McCosky and Pete Reiser. . . .

Sam Jones says his sore arm feels better. Bill Abernathy says his still hurts. Dick Kinaman's injured shoulder has responded to treatment. So has Doby's sprained ankle. . . .

Lou Brissie has formed a "flat tire club" for players with leg injuries. He's president. Easter is vice president. Other members: Jim Hegan, brised right knee; Johnny Berardino, pulled leg muscle; Mitchell, sore feet; Doby, a chronic leg trouble man.

NAIB Tourney Opens Quarter Finals Today

KANSAS CITY, Mo. (UP) — The 14th annual NAIB basketball tournament got down to the brass tacks stage today as eight teams, six of them seeded, moved into the quarter finals.

The meet wound up its matinee schedule yesterday with second-seeded James Millikin falling.

Tonight's card will open with Whitworth Wash. State, blasted Millikin in yesterday's first upset, 72-71, clashing with Murray Ky. State. The latter, seeded fourth, got a severe fright and had to go into overtime to get past West Texas State of Canyon, 75-73.

Top-seeded Hamline sidelined Montana State easily, 85-72, and at 10:30 p.m. today will mix with Portland, the tourney's No. 7 team. Portland turned back Memphis State, 72-48, to reach the round of eight.

Morningside of Sioux City, Ia., dealt the tourney's greatest blow when it whacked Eastern Illinois 97-93 sending the Panthers home one day after they had tied the tourney record by scoring 113 points in a single game. Morningside will meet strong Southwest Missouri State of Springfield tonight at 7:30.

In the other quarter-final, Lawrence Tech meets unbeaten Southwest Texas.

Jimmy Carter Wins Non-Title Fight

CHICAGO (AP)—Lightweight Champion Jimmy Carter registered a non-title victory over top challenger Luther Rawlings last night on a split decision. Both judges voted for Carter but the referee voted against him.

Rawlings protested loudly at the verdict.

"It was the easiest fight I ever had," he stormed. "The judges were watching Carter too much. They weren't watching me at all."

The fight was overweight, with Carter coming in at 136½ pounds and Rawlings scaling 138.

Generally the champion relied on a crowding, two-handed attack, with emphasis on body blows. Rawlings fought a long-range, jabbing battle.

A slim crowd of 3,627 saw the fight in Chicago Stadium. It was televised nationally.

CENTENNIAL OF CULTURE

MORE THAN 300 years of Christian civilization and French culture in America have passed through the halls of historic Laval university in Quebec, Que. Although teaching at the institution spans three centuries, its status as a university goes back only 100 years to Dec. 8, 1852, when it received a Royal Charter from Queen Victoria. Laval now is marking its centennial with a year-round celebration that will attract educational and governmental leaders from about 65 countries. Some of the world's top scientists, including a number of Nobel prize winners, are coming to the conferences. At the international level, the centennial will demonstrate Laval's role as the shrine and center of French-speaking Canada. Visitors to Quebec will have a chance to see some of the outstanding examples of French Canadian architecture, including the staircase of the Grand Seminary in the university and St. John gate, part of the city's walls.

Ford CIO-UAW Union Leaders Face Ouster In Inquiry Move

DETROIT (AP)—Heads of the CIO United Auto Workers' big Ford Local No. 600 faced a threat of ouster today.

The union's International, acting on the heels of the House Un-American Activities Committee inquiry, accused Local 600 officers of failing to enforce union restrictions against Communists.

The charge constituted a sensation in union circles. It is without precedent in the UAW.

Apparently it was an outcome at least in part of the committee's inquiry.

Witnesses, including UAW-CIO men, had testified that Ford Local 600, world's largest union local with 60,000 members, is under control of Communists.

Since its organization in 1941, climaxed by the 13-day union recognition strike against the Ford Motor Co., Local 600 has been one of the UAW's greatest bulwarks.

The UAW International executive board, headed by President Walter P. Reuther, acted against the Local 600 leadership last night less than four hours after the Un-American Activities Committee adjourned its hearing.

Local 600 officers were accused of causing "irreparable damage" by failing to enforce the UAW's constitutional restrictions against Communists. They also were accused of disobeying union policy.

All were ordered to a hearing before the executive board Friday to show cause why an administrator should not be appointed for the local.

This would mean removal of the officers.

President Remains Silent On Defeat

KEY WEST, Fla. (AP)—President Truman today hid behind an outwardly cheerful countenance any possible bitterness and disappointment over his stunning defeat in New Hampshire by Sen. Estes Kefauver of Tennessee.

Intimates told newsmen he has said little even to them of the blow that befell his prestige in Tuesday's Democratic presidential preference primary.

They wouldn't talk for quotation. The only official word from Truman's vacation camp was Presidential Secretary Joseph Short's assertion the New Hampshire defeat will have absolutely no effect on the President's ultimate decision whether to run again.

Some of these intimates privately made no effort to hide their own anger at party leaders in New Hampshire who persuaded the President to allow his name to remain on the ballot there after he had announced he would ask its withdrawal.

Says Taft Will Fight

SUPERIOR, Wis. (AP) — Harold E. Stassen predicted last night Sen. Taft will make a terrific drive for votes in Wisconsin because of the outcome of the New Hampshire primary. He said he had "never seen a candidate spend so much and win so little" as did the Ohio Republican in the New Hampshire balloting.

THREE GOES INTO ONE?—Sen. Paul Douglas, (D-Ill.), tries to pour three glassfulls of water into one glass, and thereby get a copy of President Truman's Economic Report, on which the glass rests, all wet. Douglas, a former professor, performed the "experiment" for Treasury Secretary John W. Snyder during a Congressional hearing. He was dramatizing his belief that large-scale purchase of Government bonds by the Federal Reserve System causes higher prices by expanding bank credit. The surplus water represents extra bank credit, which can't be contained.

Scout Pool Gets New Water Supply

The swimming pool at McKinley Scout Reservation in Lisbon will have a pure and adequate water supply for the first time when it opens June 30 for the summer camping season.

The Executive Board of the Scout Council has approved pumping water from Beaver Creek into the pool. The water will be chlorinated on the way to the park.

In the past the water came from a small stream which was diverted into the pool.

Blame Pilot For Crash

WASHINGTON (AP) — The Civil Aeronautics Board today blamed a pilot's poor judgment for the crash of a C-46 airliner last Dec. 29 near Little Valley, N. Y. Twenty-six of the 40 persons aboard Buffalo-bound plane were killed. The victims included the plane Capt. Victor A. Harris and the co-pilot.

Jury Acquits Woman Who Shot Trespasser

SAN LUIS OBISPO, Calif. (AP)—A tense courtroom crowd, its impatience mounting with the hours, shouted and cheered as Mrs. Margaret Ryan was acquitted last night of manslaughter.

A jury of nine men and three women deliberated four hours and 16 minutes before freeing the wealthy former New York socialite. She was charged with manslaughter of Leonard D. Ray, 22, a trespasser on her ranch, last June.

The jurors accepted Mrs. Ryan's story of self-defense; of having fired three warning shots; of finally having shot Ray when he threatened her with a rifle. A jury in the first trial failed to agree on a verdict last November.

Americans, Turks Stop Red Attack

SEOUL, Korea (AP) — American and Turkish troops beat off a two-hour attack of a Red assault battalion last night in the heaviest Communist thrust in a month. A U. S. 25th Division officer said today 200 of the 750 attacking Reds were killed or wounded.

The entire 155-mile Korean front quieted today, the U. S. Eighth Army said, except for patrol clashes in the center.

American warships pounded the eastern end of the line in round-the-clock attacks. Warships and planes combined to cut Red rails in 146 places, smash five railroad bridges and sink 30 small boats.

U. S. F-80 Thunderjets opened Thursday's air war with a surrise attack on Hichon Railway marshalling yards. The Fifth Air Force said they left the yards in ruins.

American F-86 Sabre jet pilots, who had shot down 15 Russian-type jets in three days, did not find a single Red jet in the air today.

Fifth Air Force pilots reported they tore up Red rail tracks in 120 places, wiped out 23 troop revetments, destroyed 18 artillery and antiaircraft guns, and blew up a supply dump.

Ex-Red Tells Of Cell Formed To Get Secrets

BALTIMORE (AP)—Ex-Communist Paul Crouch yesterday testified that a top-secret cell was formed in Alameda County, Calif., as early as 1942 to steal American atomic secrets.

The former top party official made the declaration in federal court when he broke away from a line of cross examination questioning to plead for public recognition of the "danger" American cities face from "an enemy that is out to dominate the ends of the earth."

He said the atom cell was headed by Marcel Scherer, "one of the most important Communists in the United States," who is still working for the party in New York City.

Perry Township Makes Health Seal Goal Late

Perry Township reached its Christmas Seal quota with three cents to spare today as Lee Vincent, chairman, turned in $6,500.03 to the Columbiana County Public Health League, the sponsor.

Miss Lillian Schroeder, executive secretary, said the county receipts now total $27,835. That $382 more than last year's total but still $165 short of the $28,000 goal.

Five other stownhips went over the top—Center, Fairfield, Unity Hanover and Liverpool, in order. St. Clair needs one dollar to match its $110 quota.

Miss Schroeder said chances are good for making the goal before March 31, the reporting deadline. The money goes for tuberculosis detection and health education.

Phantom Shifts His Hauntings To Route 7

STEUBENVILLE (AP) — The ghostly skeleton who danced on Route 40 may have moved to Route 7.

A nervous truck driver, Louis B. Martel of Pawtucket, R. I., stopped in Yorkville, O., last night to tell his story to Police Chief Roger Lollini.

Martel was driving north on Route 7, which follows the Ohio River. Near a small airport, he saw an automobile approaching. It veered toward him and its lights went out.

Then a figure jumped from the car. Glowing in the lights of the truck was a skeleton, topped by some sort of mask in the shape of a skull and crossbones.

The skeleton danced.

Martel departed.

The account was very much like the five stories that truckers have told State Highway Patrolmen along the east-west national highway, Route 40, in recent weeks. That was in western Ohio. Route 40's phantom wore a skeleton suit too, with the bones outlined in luminous paint.

One officer of the patrol has speculated that the mysterious motorist may be mentally ill, or have a macabre sense of humor.

No one knows where the skeleton will dance again.

Gains Are Small In Stock Market

NEW YORK (INS)—The stock market recorded selective improvement today, although most of the gains were held to fractions.

An imposing list of industrial leaders attracted buying interest, but the rail list, which had sparked the recent advance, proved a generally reluctant participant.

Chrysler was among today's stand-out performers in the industrials with a gain of ⅞, on top of yesterday's two point runup. Kennecott was up ⅛; Bethlehem Steel up ⅝; American Woolen up ¾; and Radio Corporation up ⅛ to a new high.

In the rails, small gains in New York Central and Union Pacific contrasted with minor losses in Santa Fe and Northern Pacific.

Volume for the first hour fell off to 270,000 shares.

Threats Mount In Bizarre N. Y. Case

NEW YORK (AP)—A threatening letter to a Brooklyn doctor has added another twisted piece to the grim puzzle of who killed Arnold Schuster, finger man of bank robber Willie (The Actor) Sutton.

The letter, intercepted yesterday by postal authorities, was mailed to Dr. Solomon M. Fialka, a neighbor of the slain 24-year-old pants salesman.

Fialka was first to examine Schuster's body after it was riddled by gunfire last Saturday night.

A heavy police guard was placed around the physician's home following the threat. The message to him was turned over to the FBI, which told only police what was in it and where it was mailed. Contents of the note were not made public.

Schuster's family received a mailed death threat Monday, the day Arnold was buried.

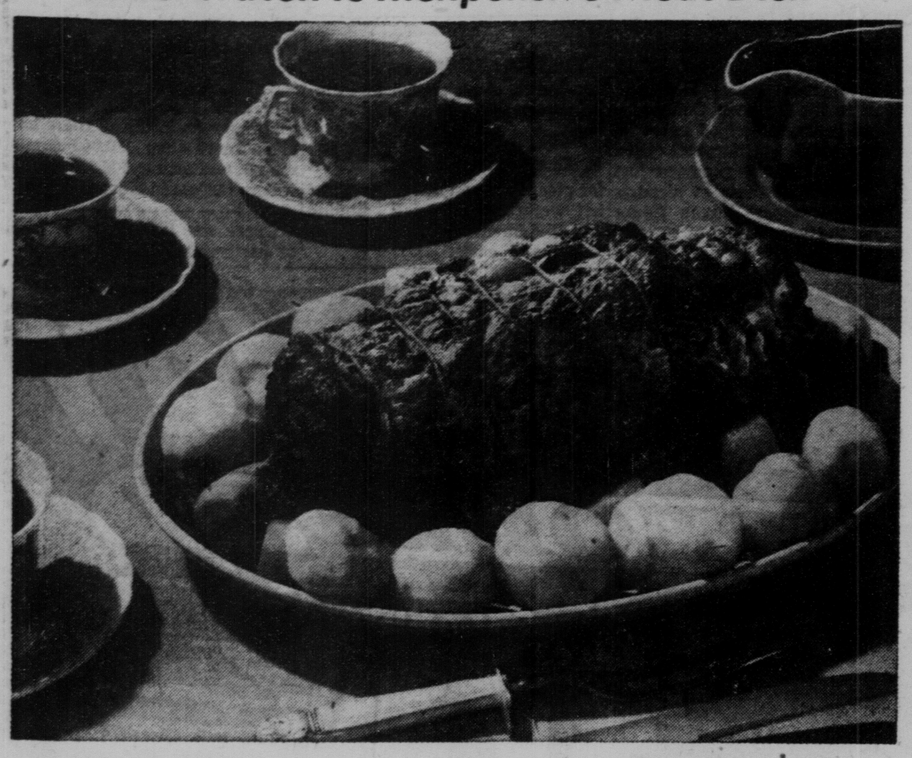
Sauerbraten Is Inexpensive Meat Dish



A recipe that shows her the ways and means of getting the most out of the meat dollar is the homemaker's best friend these days. And for ways to extend that wonderful meat flavor and make the cheaper cuts of meat more tasty, you can't do better than to try your hand at sauerbraten. It's the kind of meal you'll remember and the kind of recipe you'll treasure.

SAUERBRATEN
- 4 lbs. beef (rump or round)
- 1 teaspoon salt
- ¼ teaspoon pepper
- 1 pint vinegar
- 4 bay leaves
- 12 peppercorns
- 4 cloves
- Water
- 1 bunch sliced carrots
- 6 sliced onions
- 3 Tablespoons butter or other fat
- 1 tablespoon sugar
- Sour cream
- Flour

Wipe meat with cloth and sprinkle with salt and pepper. Place in earthenware dish, add vinegar and enough water to cover. Add bay leaves, peppercorns and cloves. Cover and place in refrigerator. Leave 3 or 4 days, turning the meat daily.

Drain meat and brown it thoroughly in butter or drippings. Add carrots, onions and 2 cups of the spiced liquid. Cover and simmer gently about 3 hours or until tender, adding more of the spiced liquid if needed. Remove meat to a hot platter. Thicken gravy with a little flour, sour cream and sugar. Surround meat with potatoes and carrots. Pour gravy over meat or serve in gravy bowl. Six to eight servings.

SEAFOOD CASSEROLE
- 1 tablespoon salt
- 3 quarts boiling water
- 8 ounces egg noodles
- ¼ cup butter or margarine
- ½ pound fresh mushrooms (sliced),
- 1 10½-oz. condensed cream of celery soup
- 1 teaspoon paprika
- 1 tablespoon minced parsley
- 1 teaspoon salt
- 12 sea scallops (quartered)
- ¾ cup cooked shrimp
- ½ cup cooked lobster meat.

Add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so water continues to boil. Cook uncovered stirring occasionally until tender. Drain in colander. In a saucepan melt butter over low heat.

Add mushrooms and cook about 5 minutes. Stir in soup, paprika, parsley, 1 teaspoon salt and scallops. Cook 10 minutes stirring occasionally. Mix in lightly shrimp, lobster, and noodles. Heat thoroughly and serve in individual casseroles. Makes 4 to 6 servings.

COCOANUT SNOWBALLS

Cocoanut snowballs are delicious served with canned pineapple slices. To make the snowballs bake white cake batter in small cupcake pans; when cool dip the cupcakes in white frosting and roll in cocoanut.

Add a half cup of chopped dates, apricots, prunes, raisins, or nutmeats to a standard muffin recipe for variety.

Peanut Apple Crisp, Good Dessert

CEREALS, one of the less expensive sources of food value, can be used in combination with other foods to cut down family food costs. Here are a few samples:

Peanut Apple Crisp
- 5 medium apples
- 1/3 cup water
- 1 tablespoon lemon juice
- ½ teaspoon nutmeg
- ¼ teaspoon allspice
- 3 tablespoons flour
- ¾ cup rolled oats, uncooked
- ½ cup brown sugar
- 1/3 cup peanut butter
- 2 tablespoons melted butter or fortified margarine.

Pare and core apples; slice in baking dish. Add water and lemon juice; sprinkle with spices. Blend together flour, rolled oats, brown sugar, peanut butter and butter. Spread over apples.

Bake in moderate oven (350 degrees F.)) about 40 minutes. Serve hot with milk or cream. Yield: 4-6 servings.

Super Sandwich

Saute 3 breakfast sausages; drain. Split 1 shredded wheat biscuit with a sharp knife and toast cut sides under broiler. (They brown very quickly.)

Place sausages between biscuit halves. Spread top of sandwich with butter and heat in moderately hot oven (400 degrees F.) 5 minutes. Serve with maple-flavored syrup. Yield: 1 serving.

Quick Casserole Topping
- 1 tablespoon butter, fortified margarine, or meat drippings
- ½ teaspoon salt
- 1¼ cups crushed bran flakes, cornflakes, or whole wheat flakes

Melt fat in skillet; add salt and cereal. Cook over moderate heat, stirring with a fork until cereal becomes golden brown (about 3 minutes).

Variations:

Cheese. Remove browned cereal from heat and stir in ½ cup grated cheese.

Savory: Add 1 teaspoon Worcestershire sauce.

Herb: Add ½ teaspoon fine herbs, or 1 teaspoon chopped chives or parsley.

Onion: Lightly saute 1 teaspoon minced onion in fat before adding cereal..

To a casserole of creamed vegetable or fish, add this inexpensive topping for extra nutrition and extra good taste.

CHEESE SANDWICHES
- 1 3-oz. package sharp natural cheddar cheese
- 2 tablespoons mayonnaise
- 2 tablespoons broken pecan nutmeats
- 1 canned drained pimiento
- 8 slices bread
- 2½ tablespoons butter or margarine.

Have cheese at room temperature and put in mixing bowl; beat in mayonnaise with spoon until well combined. Add pecans. Cut pimiento into mixture in small pieces; mix well. Make 4 sandwiches of bread and cheese filling using about 2 tablespoons of mixture for each sandwich. Melt half the butter in a large skillet and grill one side of sandwiches in it; add remaining butter and turn sandwiches to grill other side. Cut each sandwich in 4 triangles and serve at once.

PINEAPPLE-CHERRY TARTS
- ¼ cup (about 10) maraschino cherries
- 1½ cups drained crushed pineapple
- ½ t. grated lemon rind
- 1 t. lemon juice
- 2 T. pineapple juice
- ¼ cup sugar
- dash of salt
- 1 recipe flaky pastry

Roll pastry on lightly floured pastry cloth or board. Line 6 muffin pans with rolled pastry; trim and flute edges. Spoon fruit mixture into each. Bake in hot (425F.) oven 20 to 25 minutes.

- 1 egg
- ¼ cup milk
- ¾ teaspoon salt
- ¼ teaspoon pepper

- 2 tablespoons finely grated onion (pulp and juice)
- ¼ cup finely diced celery
- ½ cup ripe olives
- Paprika

In medium-sized mixing bowl put beef, egg, milk, salt, pepper, paprika, carrot, onion and celery. Cut olives from pits in large pieces (there should be about ½ cup pitted olive pieces and add. With fingers mix ingredients thoroughly.

With fork or spoon pack into greased small loaf pan (about 7½ x 3½ inches measured across top); sprinkle top generously with paprika. Bake in moderate (375F.) oven 45 minutes. Allow to stand on top of range 15 minutes so loaf will absorb some of juices that have come to top; turn out on waxed paper then turn onto serving platter so browned top shows; serve with any juices not absorbed. Makes 4 small servings.

LIMA BEAN SALAD
- 1 package frozen green lima beans
- ½ cup finely diced celery
- Well-seasoned mayonnaise
- Romaine or lettuce leaves
- 2 hard-cooked eggs
- 1 canned drained pimiento,

Cook lima beans according to directions on package; drain well. Mix with celery and enough mayonnaise to moisten well. Put romaine or lettuce on 4 salad plates; pile lima bean mixture over greens. Slice hard-cooked eggs and cut pimiento in strips and use for garnishing salads.

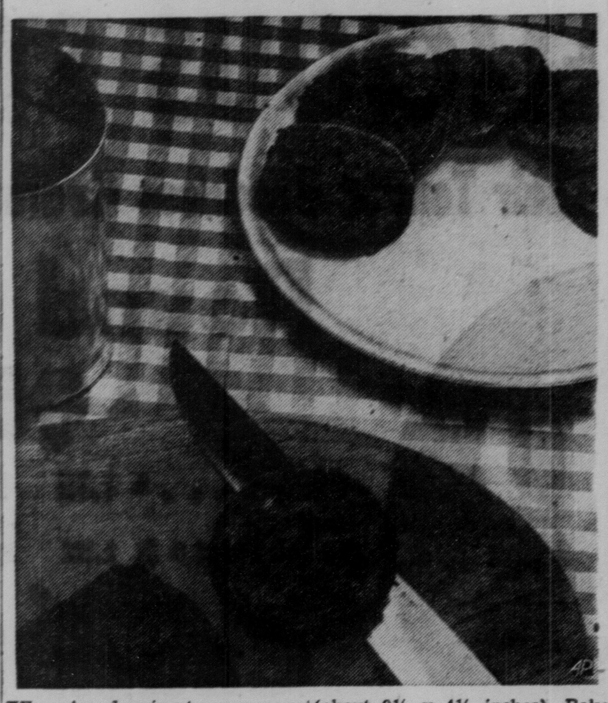
Bread For Lent



IF you're planning to serve soup and salads for Lenten lunches you'll find that homemade loaves of Fruit-Nut Brown Bran Bread will dress up the menu. Cut the bread when it's freshly baked and still warm and serve with butter. Or slice the bread when it's cool and make sandwiches of it. Cream cheese will provide an excellent filling for the sandwiches: Just beat the cream cheese with a spoon until it's soft enough to spread easily.

You don't need a loaf pan in which to bake this bread. You can use two of the cans that baked beans commonly come in and fill them two-thirds full; then you'll have attractive loaves to cut in round slices.

For a soup and salad luncheon during Lent you might serve Fish Chowder and Pilot Crackers for the main course, then a salad of canned pears and water cress accompanied by French Dressing and Fruit-Nut Brown Bran Bread sandwiches with a cream cheese filling.

Another good luncheon menu starts with a Vegetable Cream Soup followed by a prune salad and the Fruit-Nut Brown Bran Bread. In this case, stuff the prunes with cream cheese and serve the bread in slices, buttered lightly. Here's the recipe for the bread.

FRUIT-NUT BROWN BRAN BREAD

1 cup sifted flour
1 teaspoon baking soda
½ teaspoon salt
¼ teaspoon cinnamon
¼ teaspoon nutmeg
1 cup ready-to-eat bran
½ cup seedless raisins
½ cup chopped nuts
2 tablespoons shortening
½ cup molasses
¾ cup boiling water,
1 egg

Sift together flour, baking soda, salt, cinnamon, and nutmeg. Measure bran, raisins, nuts, shortening, and molasses into mixing bowl. Add boiling water and stir until shortening melts. Beat in egg. Add sifted dry ingredients to bran mixture; stir only until combined.

Fill 2 No. 300 (about 1 pound) cans (about 4½ inches deep and 2¾ inches across) about 2/3 full; or spread in greased loaf pan (about 9½ x 4½ inches). Bake in moderate (350F.) oven about 45 minutes for cans and 35 minutes for loaf. Remove from cans or pan and serve hot or cold.

Note: To prepare cans wash them thoroughly, remove labels, and dry well. Brush insides of cans with salad oil, being sure to oil seams and bottom crevices well.

Ham and Eggs Get Zest With Cheese Sauce

IT TAKES a heap o'cookin' to make a house smell like a home. And what's more inviting than the familiar fragrance of ham 'n eggs? Here they're served in a different-but-delightful version that's certain to cure those Sunday night supper doldrums.

HAM AND EGG IN SHARP CHEESE SAUCE

1½ cups water
1/3 cup nonfat dry milk
4 T. flour
½ t. dry mustard
Dash of black pepper
¼ lb. sharp process cheese, shredded.
1 T. grated onion
½ t. Worchestershire sauce
1 cup cooked ham, cut in cubes
4 hard cooked eggs, sliced

Pour water into top of double boiler. Combine nonfat dry milk, flour, mustard and pepper; sprinkle over surface of water; beat with rotary beater until just blended.

Place over boiling water and cook until slightly thickened, stirring constantly, about 10 to 12 minutes. Add cheese, onion and Worcestershire sauce; stir until cheese melts. Add ham and eggs. Heat through. Serve in individual casseroles.

Three-Ways For Kraut

HERE are three good recipes, all using sauerkraut, one of the tastiest ways cabbage comes to the table. These dishes are economical, nourishing, and delicious.

1. Sauerkraut pie with frankfurters.
2. Krautfurter roll-up.
3. Individual krautfurter casseroles.

Sauerkraut Pie and Franks

1 No. 2½ can sauerkraut, drained
1 cup chopped red-skinned apple, unpeeled
1 tablespoon brown sugar
4-6 slices apple to garnish
1¼ cups fine bread crumbs
½ cup melted butter
8-10 frankfurters, cooked

In a saucepan, combine sauerkraut, chopped apple and brown sugar; stir to mix evenly; cover and heat thoroughly.

In a second bowl, mix together bread crumbs and butter or margarine; press into bottom and sides of 9-inch deep pie plate.

Bake in moderate oven (350 degrees) 10 minutes. Add sauerkraut mixture and return to oven for 20 minutes.

Garnish with fresh apple slices. Serve with cooked frankfurters. Makes 4-6 servings.

Krautfurter Roll Ups

1 No. 2 can sauerkraut
½ cup grated American cheese
1/3 cup grated onion
¼ cup chili sauce,
⅛ teaspoon pepper
10 frankfurters
10 strips bacon

Drain sauerkraut (reserve liquid for vegetable juice cocktail). Combine sauerkraut with cheese, onion, chili sauce and pepper. Split frankfurters lengthwise and fill with sauerkraut mixture.

Wrap a strip of bacon around each filled frankfurter and secure with toothpicks. Place in shallow baking pan and bake in moderate oven (350 degrees) 20 minutes or until bacon is cooked. Turn once during baking process. Makes 10 roll ups.

Krautfurter Casseroles

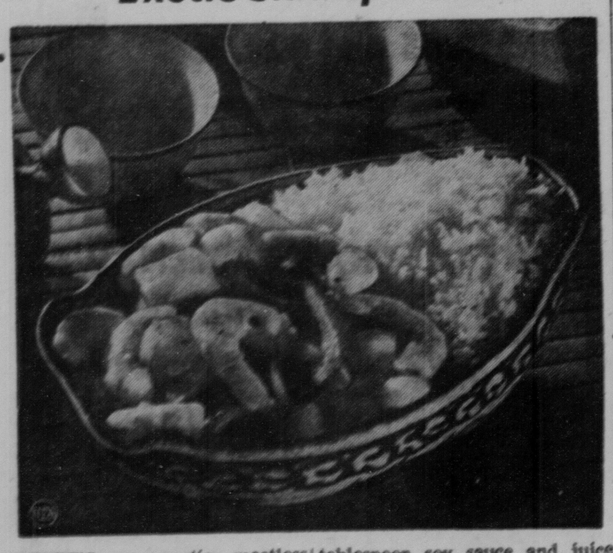
1/3 cup butter or margarine
3 tablespoons grated onion
½ cup grated carrots
1 cup grated raw potatoes
1 No. 2½ can sauerkraut
Dash of pepper
1 8-oz. can tomato sauce
4-6 frankfurters
¼ cup grated American cheese

In a skillet, melt butter or shortening. Add onion, carrots, potatoes, sauerkraut and pepper; cook 15 minutes, stirring occasionally. Remove from heat and add tomato sauce; mix well.

Turn into 4 or 6 individual casseroles. Cut frankfurters into halves, lengthwise and then crosswise.

Place frankfurter pieces on top of each casserole. Sprinkle with grated cheese. Bake in moderate oven (350 degrees) 15 minutes. Makes 4-6 servings.

Exotic Shrimp Dish



HERE'S an exotic meatless main dish. As everybody enjoys shrimp, this will be a big family success.

To prepare shrimp for Sweet and Pungent Shrimp or any other shrimp dish, follow these instructions:

To Shell Shrimp: Raw shrimp (fresh or quick frozen) may be peeled either before or after boiling. To clean shrimp, remove small legs, then carefully lift off shell.

Try to slip shell from tail so that tail meat remains. With a knife, cut along outside curvature and lift out black vein. Vein is harmless and needn't be removed unless desired.

To Cook in Court Bouillon: To one quart water add 1 small cucumber (sliced), 1 carrot (sliced), 1 small white onion (sliced), juice of half a lemon, 1 teaspoon salt and ½ teaspoon pepper. Bring water to boil.

Add 1 pound shrimp and if necessary enough more water to cover. Turn heat down so water just simmers. Cover saucepan and let shrimp cook only five minutes, never longer. Drain and cool.

Sweet and Pungent Shrimp

Prepare 1 pound shrimp (fresh or quick frozen), following above directions.

Mix in saucepan, ¼ cup brown sugar, 2 tablespoons cornstarch, ½ teaspoon salt, ¼ cup vinegar, 1 tablespoon soy sauce and juice drained from 1 No. 2 can pineapple chunks.

Cook until slightly thick, stirring constantly. Add 1 green pepper cut into strips, 2 small onions, cut into rings, and drained pineapple chunks.

Cook 2 or 3 minutes. Remove from heat, add shrimp and let stand about 10 minutes. Just before serving, bring to a boil, stirring constantly. Serve with hot rice. 4 servings.

Eggs Are Plentiful, Lower Prices Too

DURING March, eggs will be in great abundance and at lower prices. That is wonderful food news. Eggs contain top quality protein, are packed also with calories and vitamins.

They are nutritionally equal to meat and therefore ideal in meatless meals.

So open your trusted cook books and plunge into all those omelets and souffles, cakes and puddings your family has been hoping you'd make for them.

March will be golden-rich with oranges, too. Let the orange juice flow freely into the breakfast glasses for the sake of both health and pleasure.

Other commonly used food to be plentiful in March, according to United States Department of Agriculture reports include broilers and fryers. Here's the complete list:

Grapefruit (east of Mississippi), oranges, canned and frozen citrus products, domestic dates, prunes, raisins.

Broilers and fryers, buttermilk, cottage cheese, nonfat dry milk solids, honey, cooking fats and oils (vegetable shortenings, salad oils and lard).

Dry beans, including navy (pea) beans, baby limas, pintos (in southwest); split peas, pecans, almonds, peanut butter.

Vegetable Souffle

1 T minced onion
1 T finely chopped green pepper
2 T finely chopped celery
2 T fat, melted
2 T flour
¾ cup milk
3 or 4 eggs separated
1 cup diced cooked vegetables
¼ cup fine dry bread crumbs
¾ t salt
pepper

Brown the onion, green pepper and celery lightly in the melted fat. Blend in the flour and add the milk. Cook over low heat, stirring constantly, until thickened.

Beat egg yolks. Add the sauce, then the vegetables, crumbs, salt and pepper. Beat egg whites until stiff but not dry; fold in the vegetable mixture.

Pour into a greased baking dish and bake in a moderate oven (325 degrees F.) 50 to 60 minutes or until set. Serve with tomatoes, cheese, or mushroom sauce, if desired. Serves 6.

TANGY RICE PUDDING

1 1/3 cups (one 5-ounce package) pre-cooked rice
½ cup seedless raisins
1½ cups milk
1¼ cups water
½ t. nutmeg
1/3 cup dark molasses
1/3 cup sugar
1 egg (separated)
1 T. sugar.

Empty package of rice in top part of double boiler. Stir in well raisins, milk, water, and nutmeg. Stir to blend. Cook, covered, over boiling water 30 minutes. Combine molasses with 1/3 cup sugar and egg yolk.

Stir into rice mixture and cook 5 minutes more. Remove from heat. Beat egg white until stiff but not dry. Add 1 tablespoon sugar, and beat until shiny. Fold into rice mixture and turn into bowl. Serve hot or cold, topped with whipped cream. Makes 6 servings.

DRESSING FOR SALAD

Prepare a pretty dressing to accompany a fruit salad: Whip three tablespoons of currant jelly with a fork and then mix gently but thoroughly with a half cup of commercially prepared sour cream. This dressing tastes good on a winter salad of bananas, apples and oranges.

Swiss steak is easy to make: Pound a slice of round steak with seasoned flour and brown in hot fat, then cook slowly in tomato juice with a little onion and garlic added for extra flavor.

Have Good Breakfast

THE thriftiest of all patterns for a balanced and nutritiously good breakfast consists of fruit, cereal, milk, bread and butter. You can vary that pattern by using the breakfast cereals in special hot breads occasionally.

The cereals add important B vitamins, minerals and protein at low cost. Here's a variation on the baking-powder biscuit; Crunchy Honey Rolls, incorporating cornflakes with raisins and honey from this month's list of plentiful foods. The family will like the crisp, chewy filling in these rollups.

Use your corn stick pans for the quick bread made with whole wheat cereal (cooking type), uncooked.

To save minutes of preparation in the morning, mix the dry ingredients for these breads the day before; then add liquid ingredients in the morning, and bake the breads while you're fixing the rest of the meal.

Crunchy Honey Rolls

2 cups sifted all-purpose flour
3 teaspoons baking powder
½ teaspoon salt
¼ cup fat
2/3 cup milk
3 tablespoons melted butter or fortified margarine
3 cups cornflakes
2/3 cup seedless raisins
½ cup honey.

Sift together flour, baking powder and salt. Cut in fat until a coarse, even texture is obtained. Add milk, stirring enough to make a soft dough. Turn onto a lightly floured board and knead about 30 seconds. Roll dough to ¼-inch thickness.

Brush with melted butter or margarine. Combine slightly crushed cornflakes, raisins and honey; spread over biscuit dough, roll as for a jelly roll, and cut into 1-inch slices. Place slices on greased baking sheet. Bake in hot oven (400 degrees F.) about 15 to 20 minutes. Yield 12 rolls.

Golden Wheat Sticks

¾ cup whole wheat cereal (cooking type) uncooked
1½ cups sifted all-purpose flour
¼ cup sugar
½ teaspoon salt
3 teaspoons baking powder
1 egg, beaten
¾ cup milk
¼ cup melted butter or fortified margarine.

Combine cereal, flour, sugar, salt and baking powder. Add egg and milk; mix. Stir in butter or margarine. Place in hot oven (400 to 425 degrees F.) about 25 to 30 minutes. Yield 12 sticks.

WANT FANCY GELATIN?

Want to make your gelatin salads or desserts look fancy? Then mold the fruits or vegetables in a definite pattern, arranging them in a thin layer of slightly thickened genatin. Chill until firm, then add the rest of the gelatin mixture, and chill again until set.

When you're removing a rind from a ham use a sharp knife and be careful not to break or tear the fat. When you score the fat don't cut too deeply.

ROSY COOKIES

¾ cup butter or margarine
1 cup sugar
2 eggs
1 cup sifted flour
1 t. baking powder
½ t. baking soda
½ t. salt
2 t. cinnamon
1 t. nutmeg
1 10½-ounce can condensed tomato soup
3 cups uncooked oatmeal
2 cups seedless raisins (chopped)
1 cup chopped walnuts

Cream butter and sugar; add eggs and blend thoroughly. Sift dry ingredients together; add alternately with soup, mixing well after each addition. Stir in oatmeal, raisins, and walnuts.

Drop by spoonfuls on a lightly greased baking sheet. Bake in a moderate (350F.) oven about 20 minutes or until lightly brown. Makes about 6 dozen cookies 3 inches in diameter.

FOR SMALL FRY

Creamed chicken on toast cuutouts make good fare for a small fry's lunuchеon or supper party. Use an animal cookie cutter on bread slices and then toast lightly. Serve green peas with the creamed chicken.

If a cake falls it may be because too much sugar or shortening were used, or because the cake was not baked long enough.

Editors Fight Censorship

Military News Suppression May Be Cover Up For Errors

By JAMES DEVLT
(Second of a Series)

NEW YORK (AP) — Military censorship poses the question of where security ends and the cover-up of mistakes begins, particularly on the home front.

Newspapers in their constant battle against unwarranted suppression of news have no quarrel with omitting news that jeopardizes the nation's security or the life of a single serviceman or civilian.

They demonstrated that during World War II by their careful adherence to a code of voluntary censorship.

It is when "security" is invoked to cover up something that appears to have no connection with security that friction arises.

Here is an actual example of how military and newspaper thinking can conflict:

SUPPOSE YOU ARE a sports fan and you turn to the baseball standings. You see this list:

New York . . . .
Chicago . . . .
Another Team . . . .
Philadelphia . . . .

You might be inclined to wonder who "another team" is.

Yet that was the situation confronting the sports editor of the Beloit, Wis., Daily News.

He reported that the 10th Air Force Radar Station had decided to enter a team in the Central Wisconsin Baseball League, wherupon the commanding officer demanded that his nine be known simply as "another team."

The officer's idea, no doubt, was to conceal knowledge that the radar station existed. The newspaper's position was that this hardly could be concealed because the station's antenna was easily visible to anybody in the area.

THE NAVY conceded recently that "too often newspapers are met with evasiveness, even double-talk or outright refusal to cooperate."

It sent a public relations newsletter to responsible officers reminding them that "the Navy belongs to the public" and urged them to give whenever possible "frank, honest answers to questions from newspapers and wire services."

The letter declared truth is the best policy "even when the truth hurts."

The Air Force changed its regulations on photographing air crashes this month after a campaign waged by James S. Pope, chairman of the American Society of Newspaper Editors' Freedom of Information Committee.

Pope was aroused by incidents of air force police prohibiting news photographers—sometimes by physical measures—from taking pictures of crashed planes on non-military property.

HE ARGUED AIR FORCE regulations ignored civil authority and gave the military a fancied right to declare martial law on civilian territory. He contended this right could be granted only by civilian authorities.

The Air Force no longer "prohibits" the taking of pictures outside military reservations.

But if a photographer takes pictures of secret equipment and refuses to surrender them, he will be warned that under federal law he can be fined $10,000 and imprisoned for 10 years. If he still refuses, the FBI will be called in.

When no secret equipment is exposed to view "consent will be given for the taking of photographs by civilian photographers" under the new regulations.

POPE CONTENDED the old regulations purported to give authority to officers and enlisted men to "forbid" photographs even when no secret items were involved.

He stressed that "no newspaper wants to risk breaching military security" but that neither did they wish to see the military encroach upon civilian authority in the guise of security consideration where none existed.

Pope had become aroused on the subject when Air Force police seized film from a photographer's camera at a Minnesota crash scene.

Declaring no security was involved, he threatened a damage suit against the Air Force.

He made similar complaints when air police "outrageously and with physical force" interfered with coverage of a crash near Portland, Ore., and when they "roughed up" photographers at Honolulu covering Gen. Douglas MacArthur's return from Japan.

AN EXAMPLE OF HOW officials and the press differ on what constitutes security cropped up at one of President Truman's recent press conferences.

A reporter wanted to know why maps showing atomic installations were hung on airport bulletin boards.

The President rebuked the reporter. He said such questions only attracted attention to the maps.

The maps are intended to guide pilots so they won't fly over such installations.

Was security jeopardized in hanging the maps on bulletin boards in the first place, or in asking how come?

It depends on the point of view.

With Our Servicemen

In all probability, the coldest winter ever has ended for Randall E. Loch, fireman, USN., son of Mr. and Mrs. Evan F. Loch of 316 W. Pine St., Lisbon, serving aboard the destroyer USS Glennon which recently returned from Atlantic Fleet cold water exercises near the southern tip of Greenland.

The exercises, which began at Norfolk, Va., Jan. 21, were conducted to increase combat readiness and familiarize ships' crews with operating conditions in frigid climatic conditions.

Along with other ships, the Glennon was under constant "attack" by "enemy" submarines and surface raiders.

The simulated attacks tested latest cold weather weapons and equipment.

Evaporation of water produces a cooling effect.
